When coming into the facility you will have your temperature taken. If you are found to have a high temperature, we will take it a second time. If your temperature is high the second time you will not be allowed in the venue. Our staff and officials will be wearing mask, gloves if handling an item that will be given to another (awards, food vendors). We encourage both spectators and athletes to wear mask as well. When running in a race or running in a field event please do not wear a mask. We will not be policing mask; this is at everyone's discretion. Athletes will need to use their own implements in the field events. We will have hand sanitizer at the field events and in the restrooms. We will have water coolers at the finish line and at the field events. However, we will not be providing cups. Please have your athletes bring water bottles to fill up and stay hydrated. We decided to have the event in the afternoon to help with the heat. We have changed the 1500m to the 1 Mile (not 1600m) and the 3000m to the 3200m. The online entry still says 1500m and 3000m but we will be running the distances listed above due to the track not having the markings.

Field Events

Coaches, for the field events running is the athlete's priority followed by the high jump. The high jump bar will not go down a height if an athlete missed that height. The other field events (Jav, Shot, Discus, Long Jump & Triple Jump) the athletes can make three throws/ jumps. Our officials will be lenient on the order of who is up next in those field events. If your athlete would like to make two throws or jumps in a row, our officials will let them. We will close the field events when it is time for the next field event to start. Example: Girls Long Jump 6-10 starts jumping in pit A at 9 a.m., Girls Long Jump 11-18 starts jumping at 11 a.m... At 11 a.m. we will consider the 6-10-year-old long jump complete unless there are athletes at the event still jumping. If the athlete is not at the field event and officials do not see anymore 6-10-year-old girls, then they will move on to the next age group.

Awards

Awards will be handed for field events after the block of field events are done.
