Starting Blocks

Starting blocks will only be allowed for the high school aged athletes in the 400. The 100, 200 athletes that know how to use the blocks can but there is to be no coaching on how to use the blocks the day of the meet on the starting line. We will have blocks provided. Please do not bring your own blocks as we will not allow them to be used. This is to keep the starting line area clear of coaches and parents and to keep the meet moving at a steady pace.

Field Events

Coaches for the field events, running is the athlete's priority followed by the high jump. The high jump bar will not go down a height if an athlete missed that height. The other field events (Jav, Shot, Discus, Long Jump & Triple Jump) the athletes can make three throws/ jumps. Our officials will be lenient on the order of who is up next in those field events. If your athlete would like to make two throws or jumps in a row, our officials will let them. We will close the field events when it is time for the next field event to start.

Awards

Awards will be available to pick up in the awards shed for running and field events. Running awards will be handed out right after they finish. Field event awards can be picked up 2 hours after the start of the event unless event is not completed at that time. Example. Long Jump Boys 6 & Under-18 & Open starts at 9 a.m. those awards can be picked up at 11 a.m. unless the event is still being contested.
